

JNTN

□ Sydney-based techno producer crafting hypnotic, dark minimal journeys with a psy-tech edge. □

Biography

JNTN is the alias of Jonatan Tarpacz, a Polish born, Ireland raised, Sydney-based DJ and producer whose sound fuses deep, dark techno with psy-tech and minimal influences. Emerging in the early 2020s, he has quickly become a recognizable name in Australia's underground scene, performing at bush doofs, club nights, and collaborative showcases. His productions are marked by hypnotic basslines, intricate percussion, and atmospheric textures that resonate with both local and international audiences.

On the production side, JNTN has released on respected underground labels including **Subios Records, Puzzles Records, AMW Black, and Shadow Wulf Records**, often collaborating with artists such as LEKTRK and appearing on VA compilations alongside San Nicolás, Carbon, and Thomas Klipps. His tracks have been featured in Beatport's minimal/techno charts and supported by DJs across Europe and Australia.

As a performer, JNTN has played headline sets at **We Love Sydney** and **Sutra at The Bridge Hotel**, as well as numerous bush doofs across New South Wales. His sets are known for their immersive, long-form storytelling, weaving between deep minimal grooves and peak-time psy-tech energy.
