

Kozy

Biography

Kozy (aka Jeff Koz) is a Montreal-based DJ, producer, and label owner known for his dark, groovy, psychedelic and minimal techno. With a background in underground event production, he founded **AlpaKa Productions**, a collective that helped shape Montreal's electronic music scene through high-quality events featuring local and international artists.

In 2019, Kozy launched **AlpaKa MuziK**, a record label focused on progressive, minimal, and psychedelic techno. The label has released music from top-tier artists and continues to grow as a respected force in the global underground community.

Kozy is also the founder of **Groove & Bass Festival**, a multi-day psychedelic camping event in Quebec featuring hundreds of artists across three stages. In 2022, he expanded internationally with **Dark Matter**, a 24-hour showcase in Mexico featuring AlpaKa MuziK artists.

His DJ sets are known for tight mixing, disruptive basslines, and hypnotic synths. Kozy has toured extensively across Europe, North America, and Latin America, performing in over 10 countries in a single tour. His dedication to sound design, community building, and genre innovation continues to push boundaries in the techno world.
